A highly motivated and organized team player with 3 years of hands-on experience as a Full-Stack Developer.

WORK EXPERIENCE

Full-Stack Developer, Bizibox

2023 – current

- Led internationalization (i18n) and localization (l10n) initiatives on the server side using Spring Boot, enhancing scalability and global accessibility.
- Implemented a scalable microservices architecture with ActiveMQ for reliable asynchronous communication.
- Implemented a billing system leveraging Spring Boot (Backend) and Angular17 (Frontend), ensuring efficient payment processing and a seamless user experience.
- Developed and maintained responsive web applications using Angular17, providing a consistent user experience across devices.
- Created mock APIs with Node.js and Express to streamline development processes.
- Optimized application performance by building reusable UI components and services, reducing page load times.
- Collaborated with cross-functional teams (designers, product managers) to align on project goals and deliverables.
- Participated in Agile sprints, contributing to sprint planning, code reviews, and continuous integration processes.

EDUCATION

Jerusalem Multidisciplinary College (JMC) | 2020 - 2023

B.Sc in Computer Science

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Java, C++.

Front-End Development: Angular, React, HTML, CSS, SCSS.

Back-End Development: Spring Boot, NodeJS, REST API, Microservices, Redis, ActiveMQ.

Development Practices: OOP, SOLID Principles, Design Patterns.

Tools & Collaboration: DBeaver, Compass, Git (Bitbucket, GitHub).

DevOps & Cloud: Docker, Kubernetes (K8s), ArgoCD.

INTERPERSONAL SKILLS

- Excellent interpersonal and communication skills
